## Pentagon Renovation & Construction Program Office **"MEET THE RENOVATORS"**

### Flo Meyers, Team Leader, Safety & Environmental

Flo is the primary Safety Officer and environmental compliance point of contact for all PENREN/C projects. Flo and a team of six safety are chiefly responsible for PENREN/C's outstanding job safety record.

In her own words: What I really like about PENREN/C is the fact that I'm given the freedom to do my job, which is made easier because everyone in the Program actually believes in "Safety First!"
